

Overview

Alpha Data will be changing the functionality of certain products in its range. This notice lists the affected products and the nature of the changes.

Product(s) Affected:

Current Part Number	New Part Number
ADA-S9303	ADA-S9303
Revision 2 of ADA-S9303	Revision 3 of ADA-S9303

Description and Purpose of Change:

Alpha Data has redesigned the chassis from a two-piece to a four-piece, making the front and rear panels independent. Total height and width of product remain the same. Total length decreases from 289.3 mm to 287.4 mm. Additionally, two features were added: a second COM port accessible from the rear panel and four self-clinching nuts to enable attachment to external metalwork.

Impact on Form, Fit or Function:

Form	Length decreased by 1.9 mm
Fit	GPIO position adjusted and moved 3 mm away from the side wall. Added second COM port at the rear panel. Added four self-clinching nuts at the base.
Function	Additional COM port. Mounting points for external metalwork added.

Effective Date of Change:

This change is effective for all orders delivered after **1st November 2026**.
