

Overview

Due to the obsolescence of a memory subcomponent, Alpha Data has been forced to make the following changes to the ADM-VPX3-9Z2 product.

Product(s) Affected:

Current Part Numbers	New Part Numbers
ADM-VPX3-9Z2	ADM-VPX3-9Z2 (same as before)

Impact on Form, Fit or Function:

Form	None
Fit	None
Function	The following subcomponent will no longer be installed: 32GB Micro SATA Disk Chip (DENS-32GD08BWADC). The following subcomponent has been changed: The eMMC memory capacity has been increased from 32GB to 64GB. These two changes offset each other to keep the overall storage capacity of the card unchanged.

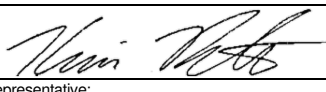

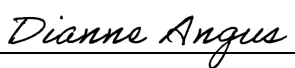

Effective Date of Change:

All orders received after the 3rd of August 2026 are subject to this change. Existing stock may be sold after this date that uses the existing configuration.

Serial numbers 150 and lower will have the 32GB Micro SATA component installed.

Serial numbers 151 and higher will not have the 32GB Micro SATA component installed.

Please contact sales@alpha-data.com for more information on this or any other product.
